Mr. Warren J. Baicher
1946 Potomac Avenue
Chicago, Ill.

Dear Sir:

We know of no one in this country sufficiently interested in a collection of Russian coins who would buy it. The average collector would much prefer buying either at private sale or at auction. So many Russian coin collections have been sold in recent years that one could almost say that they were a drug on the market. It may be an opportunity for someone but I really do not know whom that would be.

Very truly yours,

Curator.
